CHAPTER I

Introduction to the Social Report

10TH ANNIVERSARY OF ODEMA

The tenth anniversary of the founding of Odema that meets today September 30 brings us, like a mirror image of the continental union aligned mutualism built day by day, that ethic of continuous improvement without fainting, in order to understand the amazing development achieved in this first decade of existence.

With the prospect of an intense lived time, we can say without hesitation that this September 30, 2004 was the beginning of implementation of an idea of integration and development of American mutualism, which speak not only refreshed but transcends national boundaries and hemispheric, for which he is recognized and respected in all forums of the social economy of the world.

The intervening years were intense and rich in activity results: the emergence of Odema Women -in line with the guidelines of the United Nations and the establishment of the Youth Network Mutual are clear evidence of this.

Of course, we will not ignore the presence of Odema in major international organizations, such as UN-ECOSOC / OAS / ISSA / ILO / CISS-CIESS / PAHO-WHO in the role of deep commit-

ment to social guidelines that distinguish our system, particularly the establishment of the Minimum SPF in the countries of our America.

It is not insignificant that the occasion of the 10th anniversary of Odema, the Official Mail of Argentina launched last April 23 POSTAL allusive to the occasion.

It is appropriate then, renew our strong commitment to persevere in the noble task of achieving superlative American mutualism, for his sense of integration, modern functionality and concrete achievements for the million target families of our actions, without omitting working together with their peers from other continents form after the World Union of Mutuality

Once again, we renew our vows in pursuit of a mutualism without borders and a united continent by the ever present principles of mutualism.

Moving onto our acquired commitment, we are pleased to present the edition of our fourth Social Report (coincidentally with our 10thfiscal year), in which you can appreciate the

actions performed by our Entity so as to continue fostering the American continent social benefit activity by means of an important prominence within the main international forums. Within the Institutional framework we worked for the regionalization of the structure. Throughout this strengthening we eased communication and interaction amongst directors. As regards ODEMA, we kept embracing bonds with the different international organizations and generating strategic inter-continental alliances which will strengthen world social benefit movement.

In relation with integration, we focused on a seminars system so as to deal with different topics such as genre, elderly people, aboriginal peoples and youth spaces; and virtual meetings with different interest groups. This valuable methodology was also applied to discuss different problems of associated entities.

As regards training, we have developed new courses and modifying the existing ones according to applicants´ demands. In the following chapters we will see a detail of the actions performed by our Entity.

We invite you to read the following,

It follows a detail of some of the highlighted events of 2014

CHAPTER III

3.1 Representativeness

Along the year 2014, relationships with the same international organizations have been kept:

The Permanent Board of the Organization of American States (OAS) approved our application of Odema on December 3 2009 to become a member of the organizations of civil societies (OSC) registered in the OAS.

AISS: Since 20/APR/2009, Odema, through one of its member benefit society, AMPF, has the Vice-Presidency of the Technical Committee of the International Association of Social Security (IASS – AISS in its corresponding English acronym), embodied by Alfredo Sigliano, President of the said Benefit Society.

As from 2010, Odema has reached the permanence as observer of the General Assemblies, it has affiliated as well to the Inter-American Conference of Social Security (ICSS – CISS in its corresponding English acronym).

During 2011 it was confirmed the status of Odema as an Especial Consultant entity before ECOSOC (Economic and Social Council) of UN (United Nations). This category allows us to participate actively in ECOSOC and its subsidiaries, as well as the United Nations Secretary, programs, funds and organisms.

It followed the Operative Cooperation with OMS/OPS, through the development of a project of possible application to the American Continent which offers training to mirror the Mutual APS model.

They have incorporated the following agencies:

Union de Mutualidades Portuguesas

Confederación Española de mutualidades

Postal Stationery
commemorating
Odema’s 10 years

Upon the 10th anniversary of the foundation of Odema -Organización de EntidadesMutuales de lasAméricas-, the Postal Service of the Republic of Argentina launched a Postal Stationery commemorating the occasion this late April 23rd.

The postal piece reads: “10º aniversario de la Organización de Entidades Mutuales de las Américas” and was presented by the president of the tele-postal company, Juan Claudio Tristán, accompanied by the second vice-president, Carlos Rossi, within the framework of the V Intercontinental Forum of Social Benefit Activity performed in the lounge Pablo Neruda of the Theatre Centre Paseo La Plaza, in the City of Buenos Aires.

The following authorities were present: Instituto Nacional de Asociativismo y Economía Social -INAES-, social benefit directors and representatives of the country members of Odema: Argentina, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, El Salvador, EE.UU, Guatemala, Haití, México, Nicaragua, Panamá, Paraguay, Perú, República Dominicana and Uruguay.

Besides, representatives of international organizations, government and academic authorities participated of the event.

The Postal Stationery presents a design that makes reference to ODEMA’s logo with the image of the American Continent map.

Number “10” –referring to the anniversary- forms the “0” with four people together, thus representing the joint work of the social benefit organizations which are also a complete whole. The selected colours are the ones of the Social Benefit Activity flag.

The idea is that the image transmits the concept of social benefit activity and the union of people or organizations inspired in solidarity for a common goal. It can be appreciated how the different “parts” are joined to create a “complete whole”.

The postmark shows the logo “Odema-10 Years” and a detail of postal seal where two people can be seen embracing the logo.

The first Postal Stationeries of this edition were postmarked by the very presidents of the Postal Service and Odema’s, Alfredo Sigliano, who invited the people on the podium to do as him with the following samples.

The Postal Stationery was put on sale for collectors who might be interested with the special detail that only the ones acquired on the day of its launch will take the postmark created for the anniversary which was destroyed that very same day to guarantee that detail so much appreciated by philatelists.

ODEMA WOMEN ACTIVITIES 2014

ONU Women

OdemaWomen participated once more of the 15th sessions of the Committee on Women Social and Legal Condition, which was held in the Headquarters of UN New York from March 10 to 212014, representing the American Continent social benefit activity. In this opportunity, Odema and the Committee authorities presented a conference atUN Church Center,on March 13 entitled”El rol del mutualismo en el logro de la igualdad de género y el empoderamiento de lasmujeres”; by which it was shown the actions of Solidary and Social economy organizations, especially social benefit activity for the inclusive development in the American Continent and its work for the Genre Equality.

V Inter-continental Forum on Social Benefit Activity

On April 23 and 24, during the V Inter-Continental Forum on Social Benefit Activitythat organized Odemain the city of Buenos Aires, Odema Women committee chaired the panel on “La igualdad de género y el empoderamiento de lasmujeres, una meta para el desarrollo”. Closing the first conferences day, it was presented a video with words fromMoniPizani Regional Director for the American Continent and the Caribbean from UN Women, and the presentations of Nancy Neamtan del Chantier de L’ÉconomieSociale, Virginia Gambafrom UN and Sandra Balleriofrom AMPF, and it explained the work done as regards genre issues by solidary and social economy.

Training Programme

As from August, we have begun developing an on line training programme about Genre Management. This training seeks that every organization focuses on genre equity approach (EEG in Spanish), something that is not always visible for everybody. This approach implies awareness of social inequality between genres and also implies the commitment of working so as to build relationships based on equality. For this, it is necessary a training process that helps to support the principles on genre equality in the definition and execution processes of the organization activities.

Community of Practice

From October 13 to 31, Odema Women coordination participated of the fourth Virtual Dialogue of the Community of Practice of UN Women, under the topic Training on Genre Equality and Beijing +20. The general objective of the virtual dialogue was to identify the principal learnt lessons in this training from Beijing in 1995, and develop and agenda to move forward and deal with this topic, in the next sessions of the Committee on Social and Legal Condition of Women in 2015.

PNUD in Argentina

On Thursday October 23, we had the chance of participating in the launch of the publication of“Género en el trabajo: brechas en el acceso a puestos de decisión”which organized PNUD in Argentina on inequality in Access to job posts.

YOUTH NETWORK

Participation in Youth Network in ECOSOC

On February 2 and 3 it was held the Youth Forum of ECOSOCin UN, which was also offered on line. The Forum analysed the ways in which young people can and are helping to perform a change from the Objetivos de Desarrollo delMilenio (ODM)to theObjetivos de DesarrolloSostenible (ODS). It also dealt with guaranteeing the needs and priorities of all young people as the focus of the future agenda on development. This two-days event had brainstorming sessions, panels, interactive loudspeakers and debates with the State members offering the young representatives the opportunity to express their opinions, share ideas and think together on specific interesting themes, as well as a wider role of allowing and promoting sustainable development.

CHAPTER IV

Global Compact adhesion

COE PRESENTATION

In 2011, ODEMA considered valuable to make known its adhesion to the 10 principles supporting the Global Pact, an act which was formalized in October.

In 2014 we presented the first COE in which we showed the concrete support as regards the activities proposed in the Global Pact, as follows:

ACTIONS

Involve in Local Networks of the Worldwide Pact

For that reason, we have jointly organized among ODEMA, AMPF and Pacto Global Argentina an informative conference on social responsibility and transparency entitled “Comunicando el accionar de las organizaciones del Pacto Global de las Naciones Unidas: desarrollo de la COE”.

In the meeting, which took place in the auditorium of the Instituto de Capacitación Mutual Carlos Castillo of AMPF in the city of Buenos Aires on October 12 2014, Alfredo Sigliano – AMPF president and Odema Board of Director president- welcomed the attendants and then, in the first part Flavio Fuentes was the first speaker as the coordinator of the Argentinian Network of Global Pact of UN.

Fuentes talked on Communication of involvement (COE) and

the policy as regards Global Pact for non-business organizations.

After him, Luis Trama –Director of International Relationships and Cooperation of IRAM- and Raúl Consens -Director of Eco Rotary XXI project, from Rotary Club of Boulogne Sur Mer, gave a speech. Both of them referred to transparency, integrity and generation of trust: the importance of Communication of Involvement-COE of the Global Pact.

In the second part, the topic was the legitimization of the action took by non-profit organizations through the social report, and was in charge of María Fernanda Sigliano –Odema social services coordinator- and Celeste Meza, AMPF quality area and social report chief.

AMPF was accepted as a member of the Global Pact in October 2008, because of concordance between organization guidelines (human rights, labour standards, environment and anti-corruption) and the principles that rule social benefit activity.

Both Odema and AMPF signed their support to the Pact based on their commitment with the principles it represents and as a contribution for its members' awareness.

Participate in Global Pact events, both global and local

We have participated of the IV Regional Business Global Pact of UN: “Responsabilidad y Sostenibilidad”, summoned by the Ministerio de Trabajo, Empleo y Seguridad Social

November 03 and 04, in Palacio San Martín, CABA

Sponsored by the Centro Regional de Apoyo para América Latina y el Caribe y la Red Pacto Mundial Argentina.

Attendant: María Fernanda Sigliano

Likewise, we issued our commitment to the 10 principles:

HUMANS RIGHTS

Principle 1

Companies must support and respect the protection of human rights acknowledged internationally.

ODEMA's commitment is to support and respect the protection of human rights both, in the services offered in each joint society and the wider influence sphere, applying ethical demand as a guarantee of a civil behaviour and publicly acknowledging that respect to human rights contributes to improve a better management quality as regards the offered services, as well as the participation in all activities promoted by United Nations related to these matters.

Principle 2

Companies must assure not to be accomplices of human rights abuse of any kind.

ODEMA's commitment is to assure that we are not directly or indirectly accomplices of human rights abuse of any kind both, in

the services offered in each country and in the wider influence sphere

We promote equanimity of genre by creating a Commission called ODEMA Women.

LABOUR NORMS

Principle 3

Companies must support freedom of union association and the effective acknowledgement of the right to collective negotiation.

Principle 4

Companies must support abolition of all kind of forced or obligatory labour.

Principle 5

Companies must support effective abolition of child work.

ODEMA acknowledges the importance of using dialogue and negotiation to achieve competitive results and assuming its commitment in the effective guarantee of them.

Por ello es que ODEMA ha alcanzado a partir de 2010, permanencia como observadora de las Asambleas Generales de OIT, teniendo oportunidad de dirigirse a las delegaciones tripartitas de los 185 estados miembros que componen la OIT.

ENVIRONMENT

Principle7

Companies must support a preventive approach before environmental challenges.

Principle 8

Companies must commit to foster initiatives promoting greater environmental responsibilities.

Principle 9

Companies must foster the development and spreading of technologies that respect environment.

In ODEMA we keep the commitment of supporting a preventive approach in all our activities to avoid environmental damage by adopting beforehand actions that allow us fulfill such a commitment.

We keep the commitment of developing initiatives promoting a greater responsibility and ethics in offering health, security and environmental services.

And it has the commitment of fostering the development and diffusion of respectful technologies as regards environment, making the necessary changes in the processes and techniques of servicing.

ANTI-CORRUPTION

Principle10

Companies must fight against corruption in all its ways, including extortion and bribery.

ODEMA´s commitment is working in order to avoid bribery, extortion and other ways of corruption by means of the application of all high standards of management and administration, with a strict support to ethical and legal in-force norms in all our joint organizations in all countries.
